Have a Disability? ICS Can Help!

Since 2000, Independence Care System (ICS) has helped adults with disabilities stay healthy and independent. ICS is the first and only health home designated by New York State as an expert in serving people with physical disabilities such as spinal cord injuries, multiple sclerosis, Parkinson’s disease, rheumatoid arthritis, amputations, and more. ICS has a partnership with VNSNY CHOICE to serve their members with physical disabilities. ICS and CHOICE work together to support the health and wellness of members.

The ICS Health Home is not a place. It is a program run by disability experts who can help you get what you need to stay as healthy and independent as possible – in your home. It is funded by Medicaid. There is no cost to you and you can keep all of your doctors and aides.

At ICS, the services we provide depend on your needs. We can:

- Work with your insurance to make sure you receive all services, equipment, and supplies allowed
- Assist you to advocate for yourself and enforce your rights
- Connect you to accessible, disability-competent medical providers
- Schedule your medical appointments and accompany you, as needed
- Make sure your wheelchair is working properly and get it repaired
- Help you get the right wheelchair and other equipment to meet your needs
- Help you solve problems with your homecare agency or aide
- Respond quickly to assist if you are hospitalized or go to the emergency room
- Organize services and supplies you need to return home safely from the hospital or nursing home
- Help you apply for and keep benefits, such as food or housing subsidies, while also connecting you to community resources
- Teach you how to prevent pressure sores and dangerous infections
Want to Join or Learn More?

Call ICS at 1.646.653.6230 or go to www.icsny.org.
As a member, you will have an ICS care navigator who understands your needs and your condition.
